

WATER WELL CONSTRUCTION PROJECT

This Letter of Commitment (“Agreement”) is made and entered into this _____ day of _____, 201__, by and between the Anglican Diocese of Dar Es Salaam (“Diocese”) and _____ (“Village”).

WHEREAS, the Village currently does not have a water well within its boundaries to provide an adequate, safe water supply for domestic use and sanitation for its community members;

WHEREAS, the Diocese has water well drilling equipment and supplies and trained personnel (“Project Team”);

WHEREAS, the Diocese has offered to drill a well at a mutually agreed upon site and Village has accepted the offer;

WHEREAS, the Village will assume ownership once the well is completed with responsibility to manage, maintain, and protect its drinking-water system and provide access and equitable use to all community members regardless of race, religion, gender, political persuasion or status within the community; and

WHEREAS, the Diocese’s goal is that the Village will become self-sufficient so that the Diocese will have financial and other resources to provide water wells for other Villages without an adequate, safe water supply.

NOW THEREFORE, Diocese and Village agree as follows:

1. Village will provide a “start-up” financial contribution to help cover well construction costs in the amount of _____.
2. Village will provide accommodations and meals for the Project Team during the period of the well construction and also for service and inspection visits.
3. Village will provide ___ laborers to work under the direction of the Project Team.
4. Village will provide water, materials, and tools requested by the Project Team and transport these items to the well site.
5. Village will provide security for all equipment and supplies during the period of well construction, and, if items are stolen, the Diocese will determine whether the project will be continued or terminated.
6. Village will select at least two persons to be trained in well inspection, water quality testing and disinfection, and pump maintenance and who will keep accurate records.

7. Village will regularly inspect/monitor the completed well to assure that the water is fit for human consumption and does not become contaminated by the surroundings, for example, keep the area free of animal and human waste and garbage and limit activities near the well.
8. Village will contact Diocese immediately for advice and assistance if there is any problem with the water system that Village cannot resolve.
9. Pay _____ per year for an annual inspection to be provided by the Project Team for the first two years after well construction.

WATER WELL CONSTRUCTION AGREEMENT
IN SWAHILI

MAKUBALIANO YA MRADI WA UJENZI WA VISIMA

MAKUBALIANO HAYA yamefanyika leo tarehe mwezi20..... **KATI YA KANISA LA ANGLIKANA DAYOSISI YA DAR ES SALAAM** ("Dayosisi") na **KIJIJI CHA**("Kijiji").

KWA KUWA Kijiji kwa sasa hakina kisima ambacho kinakidhi mahitaji ya maji salama kwa matumizi ya nyumbani na usafi kwa ajili ya wanajamii.

KWA KUWA Dayosisi ina mtambo wa kuchimba kisima, vifaa na wataalam wake ("timu ya mradi").

KWA KUWA Dayosisi imekubali kuchimba kisima katika eneo ambalo pande zote mbili zitakubaliana na kijiji kimekubaliana na mpango huo.

KWA KUWA mara baada ya kukamilika ujenzi wa kisima kijiji kitakuwa mmiliki wa kisima hicho na kitakuwa na jukumu la kusimamia, kukitunza, kukilinda na kuhakikisha kuwa kinatumika na jamii yote bila ubaguzi wa kikabila, kidini, jinsia, kisiasa wala hadhi katika jamii.

KWA KUWA nia ya Dayosisi ni kuhakikisha kuwa kijiji kinakuwa kinajitosheleza ili kiwe na uwezo wa kifedha na kwa nyenzo nyingine kuwezesha vijiji vingine kupata maji salama ya kutosha.

BASI MKATABA HUU UNASHUHUDIA yafuatayo:-

1. Kijiji kitatoa fedha kama mchango wake wa Shilingi[Tshs...../=] kwa ajili ya gharama za uchimbaji na ujenzi wa kisima.
2. Kijiji kitakuwa na jukumu la kutoa malazi na chakula kwa timu ya mradi wakati wote wa kipindi cha uchimbaji na ujenzi wa kisima na pia wakati wa kufanya service ya kisima na wakati wa kufanya ukaguzi.
3. Kijiji kitakuwa na jukumu la kutoa vibarua kwa ajili ya kufanya kazi chini ya usimamizi wa timu ya mradi.
4. Kijiji kitakuwa na jukumu la kutoa maji, vifaa na vitendea kazi vitakavyotakiwa na timu ya mradi na kuvisafirisha hadi sehemu kitakapojengwa kisima.
5. Kijiji kitakuwa na jukumu la kutoa ulinzi kwa ajili ya vifaa na vitendea kazi wakati wote wa uchimbaji na ujenzi wa kisima na iwapo vifaa au

vitendea kazi vyovyote vitapotea basi Dayosisi itaamua kama mradi utaendelea au utasitishwa.

6. Kijiji kitateua angalau watu wawili (2) kwa ajili ya kupata mafunzo ya kufanya ukaguzi, kufanya uhakiki wa ubora, kufanya usafi wa kisima na utengenezaji wa pump. Watu hao watakuwa na jukumu la kuweka kumbukumbu sahihi za mradi.
7. Kijiji kitakuwa na jukumu la kufanya ukaguzi wa mara kwa mara wa kisima baada ya kumalizika ujenzi ili kuhakikisha kuwa maji ya kisima yanafaa kwa matumizi ya binadamu na hayachafuliwi kwa namna yoyote na mazingira yanayozungua kisima kwa mfano kinyesi cha binadamu au wanyama, takataka na pia kijiji kitahakikisha kuwa hakutakua na shughuli nyingine jirani na kisima.
8. Itakapotokea tatizo lolote kuhusiana na mfumo wa maji wa kisima ambalo kijiji watakuwa hawawezi kulitatua basi kijiji kitatakiwa kuwasiliana na Dayosisi mara moja kwa ajili ya kupata msaada.
9. Kijiji kitailipa Dayosisi Shilingi[Tshs...../=] kwa mwaka kwa ajili ya ukaguzi utakaokuwa unafanywa na timu ya mradi katika miaka miwili (2) ya mwanzo baada ya kukamilika ujenzi wa kisima.

MKATABA HUU umewekwa sahihi na pande zote kama inavyoonekana hapo chini:-
